## 22 ALTERNATIVES TO YOUTUBE

YouTube is definitely one of the most popular video platforms online but it is not the only one. There are several other alternatives teachers can use particularly in schools where YouTube is blocked. Here is a list we have curated for you. Enjoy

### SchoolTube

SchoolTube is a great video resource for both students and teachers. It has hundreds of how-to resources, copyright-friendly media, and lesson plans for using video in the classroom. It also allows teachers and students to create their own channels and start sharing student generated videos.

### TeachersTv

TeachersTv is a great resource site for educators . It provides video resources, lesson plans, inspiration and ideas to use in classroom.

### Teacher Tube

Teachers Tube is another great video resource created by teachers for teachers. It provides videos covering a wide range of topics. Some of these videos include lessons plans in action.

### Next Vista

Next Vista is a great video resource for teachers having problems accessing YouTube videos in their schools .

### Academic Earth

Academic Earth is an online repertoire of lectures and courses recorded in videos and organized into different categories .These courses and lectures are recorded from the most reputed American universities such as ; Yale, MIT, Berkeley , Harvard , Princeton, and Standford .

### Snag Films

Snag Films is a great resource for educative full length documentaries provided by popular producers such as National Geographic. It also provides a catalog of educational films that are accompanied by classroom discussion questions.

### How Stuff Works

How Stuff Works is the award-winning source of easy-to-understand explanations of how the world actually works. The materials is organized into different categories such as science, tech, auto,adventure..etc

### Viddler

Viddler is a great video tool that has the in-video commenting system. It also allows you to record videos directly to the site through your webcam.

### Vimeo

Vimeo is one of the most popular video hosting websites. It has all kinds of videos organized into different categories.
